## CYCLE COVER

### Pro Sport motorcycle covers

Offers very good protection and weighs less than 2 lbs for light weight traveling. Rainproof top section is made of a specially treated polyester material. Lower section is constructed of highly heat-resistant aluminized polyester, allowing the cover to be put on immediately after riding. A flap-protected mesh ventilation system is used to prevent heat and condensation buildup. Both the front and rear lower edges of the cover are elastic to insure a proper fit. Two reinforced tie-down areas on bottom allow user to fit the cover down snugly for protection.

<b>21-1044</b>	Black/Silver, Large. Fits most sportbikes with accessories. (D)	<b>\$44.99</b>
<b>21-1045</b>	Black/Silver, X-Large. Fits all touring & larger sportbikes, including the GL-1500 Honda. (D)	<b>\$54.99</b>

100%
