* : Use 47-78100 plow base (push tube) for center plow mounting kits.

** : Use 47-92100 plow base (push tube) for Provantage front plow mounting kit. Use 47-79633 plow base extension kit for ATV's with tracks instead of wheels (used with 47-92100 only + Provantage front plow mount).

Footnotes:

L. This kit requires using a WARN Plow Actuator to lift plow.
Y. Not Compatible with Manual Plow Lift

AL. Kit must be revision B2 for mid-05 and later
AO. Does not work with UML

For other applications see our ATV/Snow 2009 catalog
