## SNOW TRACKER SEMI-EXTREME

### Snow Tracker semi-extreme

Designed and developed for most riders, the SnowTracker Semi-Extreme allows you to cut through the harsh snow and ice conditions while keeping control of your vehicle. This less aggressive version lets you cut the corners the way you want without the F1 type handling which is needed on the more aggressive version. The Snowtracker Semi-Extreme ensures you are always in control of the way your snowmobile reacts. **It is the perfect product for everyday riders.**
