

FMF 4-STROKE EXHAUST SILENCERS

FMF FACTORY 4.1

Complete Factory 4.1 for ATV's

The factory 4.1 is FMF Racing's premier ATV exhaust. With 30 years of racing experience behind it, the Factory 4.1 takes advantage of everything FMF has learned on the race track, and guaranteed to produce more horsepower throughout the entire RPM range.

- Horsepower gains throughout RPM range.
- Advanced engineering and patent pending design.
- Optional quiet insert (-3dB) and spark arrestor.
- Full system includes T1 Powerbomb collector one of FMF Racing's performance headers.
- Slip-on can be used with stock or FMF header.

FMF FACTORY 4

FMF Factory 4 Complete System

The Factory 4 uses oval to round construction. The oval muffler shape combined with a tapered inlet allows the muffler to be routed further forward with no interference at the rear of the ATV or subframe. This lowers and centralizes the machines center of gravity, improves handling without sacrificing silencer volume and durability. • Complete system including Power Bomb Header. Mid Pipe and Silencer

FMF 4-STROKE EXHAUST SILENCERS

FMF TITANIUM 4

FMF Titanium 4 silencers

- Full titanium racing exhaust system with huge weight savings along with substantial performance gains.
- Fully tunable with modular end caps that allow for easy replacement which allow the tuner/racer to effortlessly shape the powerband.
- 3 modular end caps are available; the standard Hi-Flo 2 inch, and optional smaller 1-3/4 inch for increased traction control and a spark arrestor module for forest legal applications.
- **Must be used in conjunction with Mid Pipe**

FMF Q/Q2/Q4

Q4

Q4

FMF is the leader in high performance quiet technology and the Q4 is the next evolution ATV exhaust. With Patents Pending, this is one of the most technically advanced products. The Q4 employs intricate chambers, baffles and proprietary multistage packing material making it the best performing quiet muffler available.

- Max sound output 96dB; most models below 93dB.
- Much lighter than stock.
- Constructed from aircraft grade aluminum and high strength stainless steel.
- Use stock or FMF header.
- Comes standard with spark arrestor.

Q

Q2

FMF "Q" S/A

- Acoustic technology applied to exhaust flow delivers high response while lowering sound.
- Larger squared internal area creates more flow.
- Spark Arrestor is incorporated, exhaust flow is 'split' to reduce decibel levels.(S/A)

FMF "Q2" S/A

- High performance quiet technology (L96dB)
- Weight 10% Less than original Q
- Fits stock or PowerBomb header

FMF POWERLINE

**FMF "Powerline" Series
Especially made for Utility Quads
Stainless steel construction**

Computer designed and dyno tested
• Utility ATVs need a tough and durable exhaust. That is why FMF produced the PowerLine.
• Designed to improve the power of your utility ATV and reduce unwanted weight.
• The PowerLine utilizes low restriction, sound cancelling inner chambers to keep the sound level down.
• New technology using no muffler packing (Hi-Temp fiberglass).
