The Heat Inside

NEW
2009

New Revolutionary Heated technology that you can wear on and off your vehicle Exo2 The Heat Inside introduces FabRoc, a breakthrough heating technology. The exo2 FabRoc is a flexible heated panel that provides heat more evenly and efficiently than regular heated clothes. Even off your bike you can still enjoy the heat with the optional light weight independant Power Pack. All exo2 shell are windproof, waterproof and breathable fabric.

Stormrider Bodywarmer

- The warmest heated vest on the market.
- Outer material AirXtream fabric is breathable, lightweight, waterproof and windproof.
- Recommended for the motorcyclist and/or for passengers.
- The exo² FabRoc™ heated panel technology can even be hand washed.
- The heated panels are located at the lower back/kidney area and chest, maintaining a constant 50°C or 122°F temperature.
- Vest is powered by connection to the motorcycle battery or the optional rechargeable power pack.
- Can be used with the optional Controller providing 9 levels of heat.
- Bodywarmer draws approximately 4.1 amps at full power.

Note: When using power pack, only the back and lower front are activated.
